

Retraction for Adinarayana & Devi, Protein-Ligand interaction studies on 2, 4, 6-trisubstituted triazine derivatives as anti-malarial DHFR agents using AutoDock

Published November 30, 2015

Reader Feedback:

The article "Protein-Ligand interaction studies on 2, 4, 6-trisubstituted triazine derivatives as anti-malarial DHFR agents using AutoDock", by Adinarayana & Devi, Bioinformation 2011 6(2): 74-77. [1], has text that was taken directly from the article "Protein-Ligand interaction studies on 2, 4, 6-trisubstituted triazine derivatives as anti-malarial DHFR agents using AutoDock " by Pavani *et al.*, Research Journal of Biotechnology 2008 August 3(3): 18-23. [2]

Editorial Decision:

Investigation suggests that significant portions of text are copied as stated above. This is clearly in violation of "ethics in publishing". Therefore, it is decided to retract this article from Bioinformation as on November 30, 2015. Thus, this information is brought to the notice of the following authors:

Katika Prabhakara Surya Adinarayana
Rednam Karuna Devi
